After 14 successful years of factory backed racing on two wheels, the time has come for a new chapter.

Introducing Angela Hoffmann. Over the last three years Angela has risen to the challenges of off road racing.

Hoffmann Racing Australia has emerged to campaign on four wheels at a championship level, and to continue this winning heritage.

With an unmatched blend of innovation, engineering and competitive spirit, the team has pioneered the “small car” platform in Australia. Glenn Hoffmann has now made history once more with a fifth successive NSW Off Road Championship.

Hoffmann Racing Australia is now seeking partnerships to carry on the team’s mantra of “**dream, believe, achieve.**”

By age 14 in 2016, Angela was no longer competing just against juniors, but against all adult males for outright positions in Khanacross. She then finished as high as 4th outright at two rounds, competing against race buggies in a \$300 1995 Toyota RAV4.

Now driving the #18 family buggy to gain experience, Angela secured 4th outright at round one of the 2017 Khanacross against fifty drivers.
